Save \$100's to \$1,000's on replacing or repairing damaged surfaces on the jobsite. Dust containment and surface protection products from Surface Shields more than pay for themselves in the time and money saved by not having to replace or repair damages on the job site. As the use of surface protection and dust containment products increase, contractors and builders save money by preventing costly delays, and improving a builders image.

Many of the surface protection products are reusable from job to job, and can be printed with the name and/or logo of a business for promotional purposes. You can protect any job quickly and efficiently with dust containment and surface protection products from Surface Shields.

# Build Better with Builder Board™

## Contractor Grade Construction Board

- The most durable paperboard protection on the market
- Tough enough to be driven on
